

FEBRUARY

Things To Do

Mow or spray winter weeds

Mulch bare soil and all beds

 Cut perennial dead stalks and tops off and add to compost if not diseased last growing season

 Remove top layer of mulch and place on plastic, add compost, drip irrigation, cover with 6 to 8 layers of newspaper and reuse mulch set aside on plastic

Continue major Pruning of trees

Cut ground covers back around the 15th

Prune roses back by 50% around February 22

Add to the compost pile – Feed the birds

Feed the birds
